Dear Parents, Students, and Staff,

The CISD staff and board of trustees want to thank you for entrusting us with your children. The 2008-2009 school year has been filled with many noteworthy accomplishments and changes. Without your support and participation our success would have gone unfulfilled and our changes insignificant. Our preliminary results from the TAKS test indicate our campuses have made great improvements once again. I would like to take time to congratulate the teachers, students, and parents for an outstanding year prompting even higher expectations for 2009-2010. The 2009-2010 school year will be one of systemic change with curriculum and instruction to bring about an aligned and rigorous approach to teaching and learning as we move toward a process of instruction that creates thinkers and problem solvers. I want to commend the teachers for taking on this challenge and a willingness to explore new endeavors. Also, I want to assure them and the parents that patience will be warranted and time as well as support will be provided to successfully, precisely, and accurately hit curriculum and instructional targets. I want to thank all of those dedicated to seeing that Center ISD provides the best education possible for every student by ensuring they reach their academic potential. Success for our students requires teamwork and I look forward to the 2009-2010 school becoming a breakthrough year where we transcend to a level of achievement never before experienced.

Sincerely,
James Hockenberry
Superintendent

SENIORS WHO MAKE A DIFFERENCE

County Judge and owner of Tomlin Insurance Company, John Tomlin, first sponsored and initiated "Seniors Who Make a Difference" fourteen years ago. The first year was so well received that the event has become a tradition at Center High School. Each teacher votes for 12 students who have "made a difference". The chosen students are recognized for a variety of reasons that may include their dedication, leadership, scholarship, participation, attitude, athleticism, and hard work. Each student then chooses one teacher who has made a difference in their lives. Students, their parents, and the chosen teachers are then honored at a banquet sponsored by local businesses.

The twelve seniors voted by the faculty of Center High School as the seniors who made a difference have been announced. Receiving the distinguished honors this year are:
