

# Center Independent School District

Superintendent, Dr. James Hockenberry

---

## Press Release Center ISD Master Calendar Change

Dear Parents/Guardians,

Over the past couple of weeks, we have noticed an escalation of illnesses with our students and faculty. Although we are not experiencing the extraordinarily large numbers like other districts, there is enough concern that we should take proactive measures before the problem grows. Deep cleaning is warranted. Furthermore, we need to evaluate our buildings for areas susceptible to bats colonizing and address such areas. The district needs as much uninterrupted time as possible to complete the above tasks. So, we will be taking advantage of the upcoming long weekend and closing the schools on Tuesday, February 19 to go along with the schedule student holidays on Friday, February 15 and Monday, February 18. In doing so, students will return to school on Wednesday, February 20. **Extracurricular Activities will go on as scheduled and a makeup day is not necessary.**

Respectfully,

James Hockenberry  
Superintendent, Center ISD
