

Center Roughriders Athletics Department Culture

Our Mission:

BUILDING CHARACTER, ONE PLAY AT A TIME

At CenterISD Athletics, we will strive to build character so our student-athletes will be successful on the field, in the classroom, and in everyday life. Our culture is built through our commitment to ownership, grit, being a blessing to others, connectivity and trusting our process.

Commitment to Ownership:

We take ownership of our actions, decisions, and outcomes. Ownership is a daily commitment to our actions in sports, the classroom, and the community.

Commitment to Grit:

We will act with courage, resolve, and strength. We will be mentally and physically stronger than our opponents. Grit is the whole ballgame. *We have Grit and we will never quit.*

Commitment to Being a Blessing:

We play the game because we love each other. We are not looking for blessings to come into our lives, but we are looking to be a blessing in someone else's life. No athlete is bigger than the department.

Commitment to Connectivity:

We will be intentional every day in connecting with our student-athletes, administration, teachers, and community. We are part of Center ISD and our job is to add value to Center ISD through our actions. We represent the Athletic Department, and the Athletic Department represents us.

Commitment to Our Process:

Our process is simple; "Be Where Your Feet Are". We must take control of what we can control. Be right here in the moment and do exactly what we need to do right now to finish the task.
