

Notice of Public Comment

The American Rescue Plan (ARP) Elementary and Secondary School Emergency Relief Fund (ESSER III) provides relief funds to school districts across the country. Center ISD sought input from stakeholders through surveys but also continues to welcome stakeholder input in the form using the Center ISD ESSER III Public Comment Form below. Our goal is to develop and implement plans that ensure the health and safety of our school community and that address the related learning loss due to COVID. Your feedback and input is valuable and always welcomed.
